|-------------------------------------------------|---------------------|
| <b>Rejuva Deluxe Relaxing Customized facial</b> | <b>2hr00 R 1500</b> |
|-------------------------------------------------|---------------------|

Customized Facial targeting your skin's needs using advanced serums, masques and machines.

This will also include a 30 min back, neck & schalp massage with 15 min hand and 15 min foot & leg massage

## DermaFix Enzyme facial

Enzyme Masques Re-Educate the muscles affecting the deeper fragile facial muscles, tightening and toning in the sub-dermal area. It holds the facial muscles in contraction tightly for the duration of the masque. This promotes a vascular reaction, causing the muscles to pulsate, as in passive exercise, which may cause minor itching due to the increased circulation.

|                                                        |                       |

# AESTHETIC ADVANCE FACIAL & PEELS

## Back Facial

1hr R 780

## Dermaplaning

Dermaplaning is a cosmetic treatment in which dead skin cells and peach fuzz are scraped off with a scalpel.

### Dermaplaning: Customised facial only

1hr R 700

Dermaplaning is an exfoliating treatment that removes peach fuzz and dead skin with a tiny scraping of a scalpel.

### Dermaplaning: Customised facial with L.E.D. lights

1hr15min R 890

Treatment consisting of Dermaplaning followed with L.E.D light + iS active glow pad

## Micro-needling customised (Dermafix)

Microneedling is a minimally invasive procedure using thin needles. The procedure treats minor skin problems such as acne scars, stretch marks or wrinkles. We do numb the skin.

### Face

1hr R 1200

### Face and Neck

1hr R 1400

### Face, Neck and chest

1hr15min R 1620

## DermaFix Chemical Peels

Skin Conditions best suited to peeling:

Ageing – photo damaged skins. Peeling work to encourage cellular renewal and improve skin texture. Acne congestion – Works to encourage deep-cleansing of follicles and removes dead skin cell build-up. Hyperpigmentation – Peeling is used in conjunction with various selected protocols to improve hyperpigmentation. Lightly scarred or stretch marked skin – Peeling encourages cell renewal and a 'lift off' of damaged skin cells.

### DermaBright- Mandelic Acid(Alpha Hydroxy Acid)

R 550

### Beta⊕ Gel Peel – Salicylic Acid(Beta Hydroxy Acid)

R 680

### DermaPeel – Jessners formula (Citric Acid, Salicylic Acid and Lactic Acid) or with Vitamin A (Dermaboost)

SkinPen Precision is the world's leading skin remodelling (microneedling) medical device that creates temporary small microscopic channels in your skin.

This simple procedure activates your body's natural skin-healing power to increase collagen and elastin, so your skin returns to a healthier-looking and youthful appearance.

Not only is SkinPen Precision the first FDA-cleared micro-needling device, it treats more than five concerns.

### Key Features:

- 14 stainless steel needles that have been validated for up to 80 minutes
- 90+ validations studies
- Safe for all skin-types
- All year-round treatments
- Quick procedure
- Minimal downtime
- Low capital outlay and high ROI.
- World-class ergonomic design.

### Indications:

- Fine lines and wrinkles
- Acne scarring
- Melasma
- Rosacea
- Other scarring such as trauma or surgical
- Stretch marks
- Hyperpigmentation or irregular skin tone
